## Adds effervescence to life

Vitamin C is an antioxidant that delays the damaging effects of free radicals on the skin and body.

- Aids in collagen production which in turn, firms and tones the skin.
- Protects against skin discoloration and lightens dark discoloration like skin freckles and age spots and helps get younger and smoother skin.
- Heals burns, wounds and treats sunburn. Vitamin C reduces the effects of UVB-induced erythema.
- Aids in the treatment of eczema in combination with zinc.
- Improves skin texture by increasing the formation of elastin, which thickens, protects, and heals the skin cells.
- Enhances hair growth and leads to healthy, strong, and thick hair.
- Fights dandruff by inhibiting the bacteria on the scalp. It also gets rid of the follicles, debris, and encourages the growth of new hair.
- Prevents premature greying of hair.

In addition to its role in keeping the body's immune system strong, Zinc also plays a central role in healing the brain and body.

- Zinc reduces the production of keratin which causes Acne.
- It also help with healing scars and can also help prevent wrinkles and age spots.
- Zinc helps in the formation of protein structure that make hair follicles stronger.

- ✓ **Dissolves quickly and completely in contact with water**
- ✓ **Efficient means of ingesting nutrients**
- ✓ **Ideal for those who have difficulty swallowing**
- ✓ **Better taste than other products**
